Dimensions, heights and safety zones are shown exactly as published by the manufacturer, in the units published (metres unless marked cm). Specifications may change: please confirm them on your quotation.

Play, built in *solid timber.*

This catalogue presents a range of premium wooden play environments: large play landscapes, towers and swing systems, early-years playhouses, climbing and agility elements, and matching site furniture.

Every product carries a reference code, **SW** + series letter + number. Products are designed for master-planned communities, international schools, hotels and resorts, clubs and private gardens.

FIVE COLLECTIONS

I — **The Estate Collection**
Flagship play environments for master-planned communities, resorts, and campuses — commanding in scale, composed in detail.
12 products · SW-E101–112 · p. 05

II — **The Tower Collection**
Classic play towers and swing systems for gardens, courtyards, and community greens — the essential Soliwood forms.
12 products · SW-T201–212 · p. 18

III — **The Early Years Collection**
Playhouses, sensory play, and toddler-scaled environments for nurseries and family amenities.
14 products · SW-Y301–314 · p. 31

IV — **The Adventure Collection**
Climbing, agility, and challenge elements — standalone or composed into continuous circuits.
12 products · SW-A401–412 · p. 46

V — **The Landscape Collection**
Site furniture that completes the setting — benches and forms in the same design language as the play structures they face.
9 products · SW-L501–509 · p. 59

Products manufactured by Soliwood, Cairo, Egypt. Product data as published on soliwood.org, retrieved 24 October 2026.

STANDARD SPECIFICATION

The same standard, *every product.*

The materials, safety features and finish options below apply across the whole range, as published by the manufacturer. Product pages list what is specific to each item: dimensions, platform height, safety zone, age range and included components.

MATERIALS

- Solid, weather-resistant timber
- UV-stable, multi-coat finish
- Marine-grade fixings & hardware

SAFETY

- 100% non-toxic, child-safe materials
- Splinter-free finishing throughout
- Enclosed, pinch-free hardware
- Specified safety zone & fall height

FINISH OPTIONS · 7

Every product can be specified in any of these finishes. Colours shown here are indicative; ask for a physical sample before ordering.

Natural Honey
Warm golden stain, UV-sealed

Walnut
Deep classic brown, satin finish

Espresso
Rich dark roast, architectural

Forest Green
Signature canopy accent

Sky Blue
Coastal accent, resort-ready

Signal Red
Vivid heritage accent

Sunflower
Bright playful accent

AS STATED BY THE MANUFACTURER

ISO 9001

Quality management certification covering design, production and installation

5-year

Structural warranty on every structure

CAD pack

CAD drawings, foundation plans and surfacing specifications supplied with every commissioned installation

Estate *collection*

Flagship play environments for master-planned communities, resorts, and campuses — commanding in scale, composed in detail.

SW-E101

Forest House

A complete play landscape in richly toned timber: four towers, connecting bridges, seven slides, and a full circuit of climbing, swinging, and social elements beneath the canopy. Designed as a destination amenity, Forest House transforms a shared green into the most valuable square meters of a development.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 10.80 × W 7.00 × H 3.30 m	1.50 m	14.00 × 13.50 m	5–12 years

WHAT'S INCLUDED · 20 COMPONENTS

SW-E103

Tower House

Three roofed towers connected by crawl tunnels form a continuous elevated journey, served by four slides and a dedicated swing bay with toddler seat. A composition of remarkable breadth, serving mixed age groups simultaneously — an ideal centerpiece for school grounds and family resorts.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 9.50 × W 4.00 × H 3.30 m	**1.50 m**	**12.00 × 8.00 m**	**5–12 years**

WHAT'S INCLUDED · 14 COMPONENTS

- Large Tower (3)
- Wooden Roof (3)
- Slide (4)
- Tunnel (2)
- Climbing Ramp (1)
- Climbing Ladder (1)
- Ladder (1)
- Sling Swings (2)
- Toddler Swing (1)
- Swing Beam (1)
- Picnic Table (2)
- Hang Ladder (1)
- X-O Panel (1)
- Soli Flag (6)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-E104

Bridge House

Twin peaked-roof towers joined by an elevated bridge, with a sweeping slide, triple swing beam, and a complete climbing program below. Bridge House delivers the silhouette of a grand garden folly with the engineering of commercial-grade play equipment.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 9.35 × W 3.90 × H 3.30 m	**1.50 m**	**15.50 × 8.50 m**	**5–12 years**

WHAT'S INCLUDED · 14 COMPONENTS

- Large Tower (2)
- Wooden Roof (2)
- Bridge (1)
- Slide (1)
- Climbing Ramp (1)
- Wooden Ramp (1)
- Double Ladder (1)
- Ladder (1)
- Sling Swings (3)
- Swing Beam (1)
- Swing Bar (1)
- Tarzan Ladder (1)
- Tarzan Rope w/ Disc (1)
- Picnic Table (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

SW-E105

Swing House

A single stately tower commanding an exceptional six-seat swing program — the highest swing capacity in the collection. Where communal energy matters most, Swing House keeps every child in motion at once.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 9.10 × W 2.94 × H 3.30 m	**1.50 m**	**13.50 × 6.00 m**	**5–12 years**

WHAT'S INCLUDED · 10 COMPONENTS

- Large Tower (1)
- Wooden Roof (1)
- Climbing Ramp (1)
- Double Ladder (1)
- Sling Swings (6)
- Swing Climbing Beam (1)
- Swing Beam (1)
- Tarzan Rope w/ Disc (1)
- X-O Panel (1)
- Soli Flag (4)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-E106

Dream House

The archetypal Soliwood tower: deep-stained timber, a shingled roof, twin-lane slide, rock climbing ramp, rope ladder, and a full swing beam. Dream House is the collection's most photographed silhouette — and its most requested.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 7.70 × W 3.18 × H 3.30 m	**1.50 m**	**11.00 × 6.00 m**	**5–12 years**

WHAT'S INCLUDED · 10 COMPONENTS

- Large Tower (1)
- Wooden Roof (1)
- Slide (1)
- Climbing Ramp (1)
- Double Ladder (1)
- Sling Swings (3)
- Swing Beam (1)
- Tarzan Ladder (1)
- Tarzan Rope w/ Disc (1)
- Soli Flag (4)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-E107

Pirate Ship Fort

A full-hulled timber vessel with mast, sail, and twin observation decks, run aground in sand or safety surfacing. Rock wall to port, wave slide amidships, swings astern — a narrative environment that turns a beachfront or courtyard into a landmark.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 8.50 × W 4.80 × H 4.00 m	**1.50 m**	**11.50 × 8.80 m**	**3–12 years**

WHAT'S INCLUDED · 8 COMPONENTS

- Wooden Pirate Ship Hull with Anchor Detail (1)
- Lower & Upper Observation Decks (2)
- Main Mast with Sail & Pennant Flag (1)
- Central Wave Slide (1)
- Side Rock Climbing Wall (1)
- Integrated Steering Wheel (1)
- Attached Swing Beam with Support (1)
- Standard Sling Swings (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-E108

Trampoline & Play Tower System

A gabled lookout tower and extra-wide wave slide paired with a fully enclosed ground-level trampoline court. The integration of bounce, climb, and slide in a single engineered footprint makes this system a singular draw for resort and clubhouse settings.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 7.80 × W 3.20 × H 3.20 m	**1.20 m**	**10.80 × 6.20 m**	**3–12 years**

WHAT'S INCLUDED · 8 COMPONENTS

- Elevated Lookout Tower with Gabled Roof (1)
- Ground-Level Trampoline with Safety Netting Enclosure (1)
- Extra-Wide Wave Slide (1)
- Swing Beam with Heavy-Duty A-Frame Supports (1)
- Flexible Belt Swings (2)
- Wooden Entry Steps (1)
- Vertical Climbing Ladder (1)
- Safety Railings & Enclosure Frames (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-E109

Wooden Bridge Fort

Two shed-roofed cabins linked by a guarded bridge, with twin slides, crawl tunnels, a ground-level chalkboard, and integrated planters and bench. Bridge Fort is scaled and detailed for schoolyards — sociable, supervisable, and quietly beautiful.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 5.00 × W 2.40 × H 2.50 m	**0.60 m**	**Site clearance per plan**	**3–10 years**

WHAT'S INCLUDED · 12 COMPONENTS

- Double Tower System (1)
- Slanted Roofs (2)
- Connecting Bridge (1)
- Wave Slides (2)
- Entry Ramp / Steps (1)
- Crawl-Through Tunnels (2)
- Circular Windows (2)
- Ladder (1)
- Safety Gates (2)
- Framed Ground Chalkboard (1)
- Flower Pots (2)
- Bench (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-E110

Grand Activity Landscape

An expansive golden-timber terrain of towers, spiral and wave slides, balance elements, and heavy-duty swings, composed as a continuous adventure circuit. Specified by resorts where the playground is itself an amenity photographed in the brochure.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
Configured per site plan	**1.20 – 1.50 m (typical)**	**Per configuration**	**3–10 years**

WHAT'S INCLUDED · 6 COMPONENTS

- Large Activity Tower / Platform (1)
- Curved Tunnel or Spiral Slide (1)
- Open Wave Slide (1)
- Double Swing Extension, Heavy-Duty Seats (2)
- Climbing Ramp with Safety Rope (1)
- Structural Support Posts & Safety Railings

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-E111

Multi-Block Slide Pavilion

Three linked decks under twin roofs, connected by a barrel tunnel and served by single and double slides. Its modular block architecture allows the composition to be mirrored, extended, or reconfigured to the site plan.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 7.00 × W 3.00 × H 3.30 m	**Platform 1.15 × 1.15 m**	**Site clearance per plan**	**3–12 years**

WHAT'S INCLUDED · 8 COMPONENTS

- Roofs (2)
- Single Slide (1)
- Double Slide (1)
- Plastic Panels (6)
- Stairs (2)
- Decks (3)
- Tubes (2)
- Structural Posts

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-E112 NEW 2026

Double Trampoline & Swing Combo

Twin enclosed timber trampoline cubes flanking an overhead monkey-bar swing beam — a full agility court that pairs vertical bounce with horizontal traverse. Engineered for high-throughput settings where multiple children arrive together and leave breathless.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 8.80 × W 2.40 × H 3.20 m	**Trampoline deck level**	**11.80 × 6.40 m**	**4–12 years**

WHAT'S INCLUDED · 7 COMPONENTS

- Enclosed Wooden Trampoline Tower Cubes with Protective Mesh Netting Panels (2)
- Rectangular Inbuilt Trampolines with Green Safety Padding (2)
- Overhead Monkey Bar Swing Beam Structure (1)
- Flexible Belt Swing Seats with Chain Supports (3)
- Slanted Wooden Access Ladder with Metal Handrails (1)
- Low-Level Ramped / Step Access Support Frames
- Heavy-Duty Structural Timber Support Framework

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

SW-T202

Play Tower Castle

Twin towers under a pointed spire roof, joined by a bridge and equipped with a 2.7 m wave slide, double swings, and three distinct climbing routes. A vertical, elegant composition that reads beautifully against residential architecture.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 4.70 × W 4.20 × H 3.40 m	**1.50 m / 1.20 m**	**Site clearance per plan**	**3–12 years**

WHAT'S INCLUDED · 11 COMPONENTS

- Play Towers (2)
- Connecting Bridge (1)
- Pointed Square Roof (1)
- Long Wave Slide 2.7 m (1)
- Swing Frame 2.4 m (1)
- Swings (2)
- Sloping Wall with Climbing Rope (1)
- Climbing Wall with Stones (1)
- Ladder (1)
- Steering Wheel (1)
- Handrails (1 set)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-T203

Marvel Play Tower

A roofed lookout tower with fireman's pole, wavy slide, and an integrated sandpit sheltered beneath the deck. Compact in plan yet complete in program — the connoisseur's choice for private gardens and boutique developments.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 3.92 × W 1.24 × H 3.17 m	1.25 m	5.55 × 6.87 m	3–10 years

WHAT'S INCLUDED · 7 COMPONENTS

- Wooden Play Tower with Roof (1)
- Wavy Slide (1)
- Fireman's Pole (1)
- Integrated Sandpit (1)
- Climbing Ladder (1)
- Non-slip Handgrips (1 set)
- Ground Anchors (1 set)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

SW-T207

Wooden Play Tower System

A central lookout under a red-trimmed gabled canopy, approached by wide entry steps and a suspended log bridge, resolved by a green wave slide. Vertical safety slats and semi-circular balcony rails give the system its distinctive, pavilion-like character.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 3.24 × W 2.58 × H 2.67 m	1.00 m	5.58 × 6.24 m	3–10 years

WHAT'S INCLUDED · 8 COMPONENTS

- Central Lookout Tower (1)
- Gabled Canopy Roof with Red Trim (1)
- Wave Slide (1)
- Wide Entry Steps / Ramp (1)
- Suspended Log Bridge (1)
- Semi-Circular Balcony Guardrail (1)
- Vertical Safety Slats
- Solid Wood Support Posts & Safety Barriers

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

SW-T210

Little House

A deep-espresso tower with peaked roof and pennant flags, olive wave slide, twin swings, and a sandpit sheltered at its base. Little House pairs the collection's richest timber tone with its gentlest proportions.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 3.65 × W 3.27 × H 3.00 m	1.30 m	11.00 × 6.00 m	3–12 years

WHAT'S INCLUDED · 7 COMPONENTS

- Small Tower (1)
- Wooden Roof (1)
- Small Slide (1)
- Ladder (1)
- Swing Beam (1)
- Sling Swing (2)
- Soli Flag (4)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-T211

Playtower with Slide

A pale-timber tower with Toba slide, five-stone climbing wall, and integrated sand play below — the ideal first tower for ages three and up. Four safety grab handles and a low fall height make it as reassuring as it is engaging.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 1.90 × W 1.40 × H 1.80 m	**0.60 m**	**7.00 × 7.30 m**	**3–10 years**

WHAT'S INCLUDED · 5 COMPONENTS

- Play Tower (1)
- Toba Slide (1)
- Climbing Stones (5)
- Safety Grab Handles (4)
- Ladder (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

SW-Y303

Cooper Climb & 1.8 m Slide

An A-frame base camp with wavy slide, mini rock wall, climbing net, and a curtained hideaway platform within. Cooper Climb packs four modes of play into under two and a half meters of length.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 1.40 × W 2.40 × H 1.80 m	**0.85 m**	**4.75 × 3.20 m**	**3–6 years**

WHAT'S INCLUDED · 7 COMPONENTS

- Adventure Base Camp (1)
- Wavy Slide 1.8 m (1)
- Step Ladder (1)
- Mini Rock Climbing Wall (1)
- Climbing Net (1)
- Built-in Hideaway Platform (1)
- Oxford Fabric Partition Curtain (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y304

Climbing Pyramid Adventure

A tented timber A-frame with rock holds on both faces, fabric doors front and back, a side window, and a roof bell. For ages three to five, it is den, summit, and stage at once.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 1.08 × W 0.71 × H 0.91 m	Ground level	0.77 m²	3–5 years

WHAT'S INCLUDED · 6 COMPONENTS

- Wooden A-Frame Structure (1)
- Climbing Walls with Rock Holds (2)
- Fabric Tent Flap Front Door (1)
- Fabric Tent Flap Back Door (1)
- Side Window (1)
- Roof Bell (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y305

Forest Cabin Playhouse

A panelled cabin with gabled roof, front verandah, full-height door, and perspex windows — a genuine small building, joinery-built, from age two.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 2.00 × W 1.80 × H 1.80 m	**0.40 m**	**Site clearance per plan**	**3–8 years**

WHAT'S INCLUDED · 6 COMPONENTS

- Panelled Wooden Playhouse (1)
- Gabled Wooden Roof (1)
- Front Verandah / Porch (1)
- Integral Wooden Floor (1)
- Full-Height Door (1)
- Perspex Windows (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y306

Playhouse Cottage & Slide

A ground-level cottage with verandah half-wall, paired with an elevated lookout tower and green wave slide under twin gabled roofs. The composition of a country retreat, at one-fifth scale.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 2.80 × W 2.70 × H 2.80 m	**0.90 m**	**Site clearance per plan**	**3–10 years**

WHAT'S INCLUDED · 6 COMPONENTS

- Ground-Level Wooden Cottage (1)
- Elevated Lookout Tower (1)
- Gabled Roofs (2)
- Wave Slide (1)
- Square Open Windows (2)
- Front Verandah Half-Wall (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y307

Elevated Play House

A stilted cabin with green-trimmed windows, balustraded balcony, wooden stairs, and a long wave slide to the lawn. The elevated floor creates a shaded den beneath — two rooms in one silhouette.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 3.90 × W 2.50 × H 2.80 m	**Ground floor + elevated deck**	**7.49 × 5.15 m**	**5–12 years**

WHAT'S INCLUDED · 4 COMPONENTS

- Stand-Alone Playhouse Structure (1)
- Wooden Handrail (1)
- Wooden Stairs (1)
- Wave Slide (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y308

School Giant Playhouse

An open-sided timber shelter with chalkboard, benches, and twelve den-making holes for fabric and rope play. A covered outdoor classroom that teaches construction, collaboration, and quiet retreat.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 1.60 × W 1.40 × H 2.09 m	**Ground level**	**5.71 × 4.85 m**	**3–11 years**

WHAT'S INCLUDED · 5 COMPONENTS

- Low Walls (2)
- Chalkboard (1)
- Benches (1)
- Den-Making Holes (12)
- Double-Pitched Water-Resistant Roof (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y309

Wooden Toddlers House

Two slatted playhouses joined by a screen wall, with round port windows, arched doorways, and a freestanding chalkboard. Light passes through the slats — children remain visible from every angle, by design.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 3.61 × W 1.20 × H 1.40 m	Ground level	Site clearance per plan	3–10 years

WHAT'S INCLUDED · 8 COMPONENTS

- Main Wooden Playhouses (2)
- Connecting Bridge / Screen Wall (1)
- Gabled Roofs (2)
- Round Port Windows (3)
- Framed Entrance Doorways (2)
- Slatted Walls
- Freestanding Chalkboard (1)
- Large Planter Pots (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y310

Playhouse & Sandbox

A cottage playhouse with planter boxes and window shutters, extended by a canopied, bottomless sandbox with protective cover. Domestic play and sensory play under one composition.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 3.10 × W 1.20 × H 2.20 m	**Ground level**	**Site clearance per plan**	**3+ years**

WHAT'S INCLUDED · 6 COMPONENTS

- Wooden Cottage Playhouse Panels (1)
- Wooden Sandbox Base with Canopy (1)
- Bottomless Sandbox Protective Cover (1)
- Planter Boxes (2)
- Weather-Resistant Fabric Canopy (1)
- Assembly Hardware & Instructions Kit (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y311

Sand Box Pavilion

A roofed sand house in deep espresso timber, its peaked canopy shading play through the warmest hours of the day. Flags at the gables; seashells optional.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 1.50 × W 1.50 × H 2.25 m	Ground level	3.50 × 3.50 m	3–12 years

WHAT'S INCLUDED · 3 COMPONENTS

- Roofed Sand House Structure (1)
- Peaked Timber Canopy (1)
- Corner Flags (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y312

Picnic & Sand Activity Table

A 2-in-1 activity table in honey-toned timber: benches for four, a removable tabletop, and a hidden sensory sand compartment beneath. Art table by morning, excavation site by afternoon.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 107 × W 122.4 × H 54.1 cm	**Seat 54 cm**	**Site clearance per plan**	**1–12 years**

WHAT'S INCLUDED · 4 COMPONENTS

- 2-in-1 Wooden Activity Table (1)
- Built-in Bench Seats (2)
- Hidden Sensory Sand Compartment (1)
- Removable Tabletop Lid (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y313

Round Picnic Table

A round picnic table with four integrated benches and removable backrests, sized for ages three to eight. Natural-finish timber, 45 kg capacity per seat.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 120 × W 120 × H 55 cm	**Seat 27.9 cm**	**Site clearance per plan**	**3–8 years**

WHAT'S INCLUDED · 3 COMPONENTS

- Wooden Picnic Table (1)
- Integrated Benches (2)
- Removable Backrests (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-Y314

Garden Picnic Table

The classic A-frame picnic table, scaled for early years. Fifty-kilogram bench capacity and rounded edges throughout.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 120 × W 90 × H 50 cm	Seat 28 cm	Site clearance per plan	3–6 years

WHAT'S INCLUDED · 2 COMPONENTS

- Kids Wooden Picnic Table (1)
- Integrated Bench Seats (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

Adventure *collection*

Climbing, agility, and challenge elements — standalone or composed into continuous circuits.

12 products **SW-A401 – SW-A412** Pages **47–58**

Shown
Zipline 30 m
SW-A401

SW-A401

Zipline 30 m

Thirty meters of steel cable between engineered timber supports, with pendulum seat, trolley, and rubber bumpers. The signature element of any adventure program — and the one children queue for.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 12.00 × W 2.00 × H 3.00 m (supports)	**1.50 m**	**20.00 × 2.20 m**	**5–12 years**

WHAT'S INCLUDED · 6 COMPONENTS

- Starting Support (1)
- Ending Support (1)
- Steel Cable 30 m (1)
- Trolley / Runner (1)
- Pendulum Seat (1)
- Rubber Bumper (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A402

A-Frame Climbing Wall

A double-sided A-frame traverse wall with molded resin holds across four timber panels. Two children climb opposing faces at once; instructors see both from a single vantage.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 4.00 × W 1.20 × H 2.00 m	Ground level	3.50 × 1.20 m	5–12 years

WHAT'S INCLUDED · 3 COMPONENTS

- Double-Sided A-Frame Climbing Wall (1)
- Molded Resin Rock Climbing Holds (multiple)
- Structural Timber Frame (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A403

Hexa Climb

A hexagonal climbing pavilion in dark timber with brass-toned fittings: rock wall, rung ladders, and suspended rings around a continuous circuit. Sculptural enough for a hotel forecourt; demanding enough for a PE program.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 2.40 × W 2.40 × H 2.25 m	Ground level	5.40 × 5.20 m	5+ years

WHAT'S INCLUDED · 3 COMPONENTS

- Climbing Wall (1)
- Climbing Rings (4)
- Climbing Ladder (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A404

Climbing Set

Twin apple-hold climbing walls flanked by rope and rung ladders, a climbing ramp, and a short slide descent. A complete traverse-and-descend circuit in espresso-stained timber.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 4.50 × W 1.10 × H 2.25 m	1.00 m	7.00 × 6.00 m	5+ years

WHAT'S INCLUDED · 4 COMPONENTS

- Climbing Wall (2)
- Climbing Ladder (2)
- Climbing Ramp (1)
- Small Slide (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A405

Palm Grove Agility Set

Monkey bars strung between palm-crowned posts, with a rock-hold ramp, balance decks, and boardwalk connections. An agility course that reads as landscape sculpture.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 7.49 × W 5.15 × H 2.70 m	**Ground level with elevated sections**	**Site clearance per plan**	**5–12 years**

WHAT'S INCLUDED · 4 COMPONENTS

- Overhead Monkey Bar Frame (1)
- Rock-Hold Climbing Ramp (1)
- Balance Decks & Boardwalks (1 set)
- Handrails (1 set)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A406

Discovery Trail

A linear obstacle sequence — barrel tunnel, log-and-stepping-post balance bridge, overhead monkey bars, and suspended stepping pods, all connecting low deck platforms. Ideal where a full playground footprint is unavailable but play value is required.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 9.50 × W 1.30 × H 1.70 m	**Deck level**	**Site clearance per plan**	**4–12 years**

WHAT'S INCLUDED · 6 COMPONENTS

- Wooden Barrel Tunnel Crawl Element with Metal Bands and Window Cutouts (1)
- Hanging Log / Stepping Post Balance Bridge with Chain Supports (1)
- Overhead Monkey Bars / Hanging Metal Ring Bars (1)
- Suspended Stepping Pods / Balancing Discs (6)
- Connecting Low Wooden Deck Platforms (4)
- Support Timber Posts and Guide Rails

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A407

Balance Bridge

A slatted suspension-style walkway between timber portals — a pure balance challenge with continuous upper rails on both sides.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 3.80 × W 0.63 × H 1.20 m	Deck level	Site clearance per plan	3+ years

WHAT'S INCLUDED · 3 COMPONENTS

- Slatted Walkway (1)
- Timber Portal Frames (2)
- Continuous Upper Rails (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A408

See Saw

A plank see-saw for multiple riders, with hooped steel handholds at each end. Broad-board construction seats a small crowd rather than a pair.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 3.00 × W 0.63 × H 1.20 m	**Pivot level**	**4.50 × 2.50 m**	**5+ years**

WHAT'S INCLUDED · 3 COMPONENTS

- Broad-Board See-Saw Plank (1)
- Central Pivot Post (1)
- Hooped Handholds (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A409

Classic Swing

A three-seat A-frame swing in golden timber — the essential playground gesture, built to commercial standard.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 4.00 × W 2.40 × H 2.30 m	Seat 0.55 m	7.00 × 5.00 m	5+ years

WHAT'S INCLUDED · 2 COMPONENTS

- Sling Swings (3)
- Swing Beam (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A410

Tic-Tac-Toe Stand

Nine rotating X-O cylinders between two mounted timber posts. Cognitive play at standing height, from age one.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 1.00 × W 0.10 × H 1.20 m	Ground level	Site clearance per plan	1+ years

WHAT'S INCLUDED · 3 COMPONENTS

- Tic-Tac-Toe Game Panel (1)
- Rotating Cylinders with X-O Symbols (9)
- Structural Mounting Posts (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

PRODUCT PHOTOGRAPH TO FOLLOW

SW-A411 NEW 2026

Corn Climbing Pavilion

A palm-crowned open climbing pavilion with an integrated indoor/outdoor climbing wall, a rope grid net section, and low platforms — corn-themed play at architectural scale for gardens where a landmark is needed.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 4.00 × W 4.00 × H 2.80 m	Deck level	6.80 × 6.70 m	3–12 years

WHAT'S INCLUDED · 4 COMPONENTS

- Wooden Corn-Themed Climbing Structure Enclosure (1)
- Integrated Indoor / Outdoor Climbing Wall with Foot Holds (1)
- Rope Climbing Grid Net Section (1)
- Internal Structural Supporting Wood Pillars and Platforms (1)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

SW-A412 NEW 2026

Balance Suspension Bridge

A standalone slatted timber walkway carried between yellow-rope balustrades — a self-contained balance element that installs between existing play zones or as a garden feature in its own right.

DIMENSIONS	PLATFORM HEIGHT	SAFETY ZONE	AGE RANGE
L 3.00 × W 1.20 × H 1.20 m	Deck level	Site clearance per plan	3+ years

WHAT'S INCLUDED · 3 COMPONENTS

- Slatted Timber Walkway (1)
- Rope Balustrade Panels (2)
- End Timber Portals (2)

MATERIALS

Solid, weather-resistant timber
UV-stable, multi-coat finish
Marine-grade fixings & hardware

FINISH OPTIONS · 7

Names and samples: page 04

Landscape *collection*

Site furniture that completes the setting — benches and forms in the same design language as the play structures they face.

9 products **SW-L501 – SW-L509** Pages **60–64**

Shown
The Orbit Curved Bench
SW-L503

SW-L501

Park Bench

Slatted hardwood seat and backrest on curved steel side frames, floor-anchored. A contemporary classic for promenades and pool decks.

WHAT'S INCLUDED

- Slatted Hardwood Seat & Backrest
- Curved Steel Side Frames
- Floor Anchoring

DIMENSIONS
L 1.50 × W 0.60 × H 0.80 m

PLATFORM HEIGHT
—

SAFETY ZONE
2.40 × 1.60 m

AGE RANGE
All ages

SW-L502

Heritage Park Bench

The traditional silhouette in deep mahogany-toned slats on galvanized frames. At home beside fountains and formal planting.

WHAT'S INCLUDED

- Mahogany-Toned Slats
- Galvanized Steel Frames

DIMENSIONS
L 1.80 × W 0.65 × H 0.85 m

PLATFORM HEIGHT
—

SAFETY ZONE
2.40 × 1.60 m

AGE RANGE
All ages

SW-L503

The Orbit Curved Bench

A sweeping arc of fine timber slats on recessed steel plinths, composed to encircle ponds, trees, and gathering points. Supplied per segment; radii configured to the landscape plan.

WHAT'S INCLUDED

- Curved Timber Slat Segments
- Recessed Steel Plinths
- Radii Configured to Plan

DIMENSIONS
L 6.84 × W 3.52 × H 0.47 m per arc

PLATFORM HEIGHT
—

SAFETY ZONE
Segment 3.95 × 2.50 m

AGE RANGE
All ages

SW-L504

Courtyard Loop Bench, Backless

A minimal slatted top on continuous brushed-steel loops, anchored to hard landscape. Reads from both sides — ideal between facing play zones.

WHAT'S INCLUDED

- Slatted Timber Top
- Continuous Brushed-Steel Loops
- Hard-Landscape Anchoring

DIMENSIONS
L 1.50 × W 0.40 × H 0.45 m

PLATFORM HEIGHT
—

SAFETY ZONE
2.40 × 1.60 m

AGE RANGE
All ages

SW-L505

Garden Bench with Back

Boxed steel side frames carry a generous slatted seat and twin-board back. The workhorse of the collection, in the most architectural of its forms.

WHAT'S INCLUDED

- Boxed Steel Side Frames
- Slatted Seat
- Twin-Board Back

DIMENSIONS
L 1.55 × W 0.60 × H 0.80 m

PLATFORM HEIGHT
—

SAFETY ZONE
2.40 × 1.60 m

AGE RANGE
All ages

SW-L506

Conservatory Bench, Backless

A refined backless form in warm timber on dark steel hoops, drawn for garden walks and glasshouse courts.

WHAT'S INCLUDED

- Warm Timber Seat
- Dark Steel Hoop Frames

DIMENSIONS
L 1.60 × W 0.76 × H 0.87 m

PLATFORM HEIGHT
—

SAFETY ZONE
2.40 × 1.60 m

AGE RANGE
All ages

SW-L507

Promenade Rail Bench, 4.4 m

A 4.4-meter continuous bench with intermittent backrest panels, for boulevards and long garden walls.

WHAT'S INCLUDED

- Continuous 4.4 m Timber Bench
- Intermittent Backrest Panels

DIMENSIONS
L 4.43 × W 0.55 × H 0.80 m

PLATFORM HEIGHT
—

SAFETY ZONE
4.40 × 1.80 m

AGE RANGE
